Learn & Master Guitar is a very popular teach yourself guitar method for good reason.

It works! And it works extremely well.

The Learn & Master Guitar DVD video lessons are superb. It's much easier to watch someone play something on the guitar and then copy them. A bit like 'monkey see' and monkey do'. You learn a lot faster that way.

Now there's a lot of video guitar lessons online these days. But frankly, most of them aren't very good. Especially for beginners.

And many sites give incorrect information and will teach you bad habits. So be careful and keep away from offers that sound too good to be true.

So it's not just the fact that you will learn guitar faster with guitar lesson videos, but you also have to be aware of the quality of information presented.

It's best to use a reputable proven method that provides the necessary information in a timely manner. You could end up confused and frustrated otherwise.

The best way is to follow a simple plan that helps you develop guitar playing skills in a logical way. With each new skill building on the last. Each skill prepares you for the next. Walk before you run.

Many make the mistake of trying to play songs off guitar tab that are way beyond their present technical ability.

This results in learning bits of songs rather than a complete song from beginning to end.

This approach is like teaching yourself to fail. It's far better to learn to play complete songs successfully.

Learn and Master Guitar is a system that teaches you to play lots of songs. Completely. From beginning to end.

Learn and Master Guitar guides you with the best DVD guitar video lesson technology available today. You will learn much faster and easier with these videos. Right from rank beginner through to advanced professional level skills.

Unfortunately, there's not enough space in this article to explain everything about learning guitar with Learn & Master Guitar.
